

Ezzy Cheetah

The Cheetah is the ultimate in camless freeride sail technology. It combines superb performance with user-friendliness and has the best construction of any sail in its class.

We've upgraded the Cheetah with new color fusion film. The Cheetah also uses our new Cailbrated Downhaul System as well as our standard downhaul leech gauge.

Size (sq.m.)	Luff		Boom		No. of Battens	Suggested Mast
	Min	Max	Min	Max		
5.5	436	438	174	181	6	430/25/21
6.0	445	447	182	189	7	430/25/21
6.5	454	456	189	196	7	430/25/21
7.0	467	469	197	204	7	460/25/25
7.5	478	480	205	212	7	460/25/25
8.5	502	504	221	228	7	490/26/29
9.5	514	516	239	246	7	490/26/29
