

- High performance freeride sail that sails like a cammed sail and gibes like a wave sail.
- Profiled panels produces a molded shape that locks the draft in the sail.
- Bullet-proof construction. No monofilm.
- Hi tech materials like Technora and Dyneema reduce stretching and provide years of durability.
- Color fusion cloth makes every Cheetah look unique. No two sails are the same.
- Calibrated rigging system guarantees the Cheetah is rigged to David Ezzy's exact specifications.
- Every Cheetah is rigged and thoroughly inspected in the factory before shipping.

Size (m <sup>2</sup> )	Luff		Boom		No. of Battens	Suggested Mast
	Min	Max	Min	Max		
5.5	436	438	175	182	6	430/25/21
6.0	444	446	182	189	7	430/25/21
6.5	454	456	189	197	7	430/25/21
7.0	467	469	197	205	7	460/25/25
7.5	478	480	206	213	7	460/25/25
8.0	485	487	213	220	7	460/25/25
8.5	501	503	220	227	7	490/26/29
9.5	515	517	238	246	7	490/26/29
