# PANTHER LIMITED

Introducing the Panther Limited series. Our new color fusion process makes every sail uniquely beautiful.

### Performance Highlights:

- More power.
- 200 grams lighter.
- Even easier handling.
- Increased wind range.
- Better balance and stability.

The Panther Limited is built with our legendary quality and high-tech materials like Technora, Spectra X-film, Color Fusion X-Ply, and our removable stainless steel tack pulley. Every Panther Limited is rigged and fine tuned in our factory before shipping.
