# EZZY Tiger

The Ezzy Tiger is the new cat on the water. A light-weight yet powerful beast, the Tiger evolved to dominate in all wave and water conditions. Whether charging the biggest waves in the world or blasting around with friends on flatwater, the Tiger survives and thrives.

### Tiger vs. the Panther Limited:

- The Tiger is slightly more powerful than the Panther Ltd, giving it a wave-hunting advantage in light winds.
- Both Ezzy's handle equally well in stronger winds.
- Ezzy quality and construction standards—the highest in the world, bar none—insure the same bomb-proof durability in both the Tiger and the Panther Ltd.
- The Tiger features Ezzy's own clear Spectra X ply on the leech while the Panther has the darker Technora scrim.

And, each Tiger, like every Ezzy produced, is rigged and de-clawed in the Ezzy Factory before being shipped to your local shop.

| Size | Luff min-max | Boom min-max | Ezzy Mast base/top |
|------|--------------|--------------|--------------------|
| 2.9  | 318 - 319    | 128 - 132    | 340 / 340          |
| 3.3  | 338 - 339    | 136 - 140    | 340 / 340          |
| 3.5  | 352 - 353    | 142 - 147    | 340 / 340          |
| 3.7  | 363 - 364    | 146 - 151    | 340 / 370          |
| 4.0  | 371 - 372    | 149 - 155    | 370 / 370          |
| 4.2  | 382 - 383    | 153 - 159    | 370 / 370          |
| 4.5  | 392 - 394    | 156 - 162    | 370 / 400          |
| 4.7  | 405 - 407    | 160 - 166    | 400 / 400          |
| 5.0  | 417 - 419    | 164 - 170    | 400 / 400          |
| 5.2  | 424 - 426    | 168 - 175    | 400 / 400          |
| 5.5  | 435 - 437    | 172 - 178    | 400 / 430          |
| 5.8  | 443 - 445    | 174 - 181    | 430 / 430          |
| 6.0  | 451 - 453    | 179 - 186    | 430 / 430          |
| 6.3  | 456 - 458    | 184 - 191    | 430 / 430          |
| 6.9  | 485 - 487    | 185 - 193    | 460 / 460          |
