

Ezzy Legacy Series

The Legacy is ready to go to battle for anyone…from hardcore wave sailors to recreational enthusiasts. It delivers sublime performance and durability at an affordable price.

The smaller Legacy's are designed for wave and bump&jump. The larger sizes are built for freeride blasting.

The Legacy utilizes our high density Spectra X Film in the tack the tack panel as well as a combination of RBS epoxy battens and more economical vinylester battens.

And, like all of our sails, every Legacy is rigged and thoroughly checked in our factory before it's shipped.

So, if you are on a tight budget, but demand high performance and exceptional quality, the Legacy might be your answer.

Size	Luff		Boom		No. of	Suggested	Suggested
(sq.m.)	min	max	min	max	Battens	Mast	Use
4.2	378	380	149	157	5	370/27/17	wave
4.7	402	404	157	165	5	400/25/19	wave
5.2	421	423	165	173	5	400/25/19	wave
5.5	435	437	172	180	5	430/25/21	freeride/wave
5.8	441	443	171	178	5	430/25/21	freeride/wave
6.5	452	455	189	198	6	430/25/21	freeride
7.5	475	478	202	212	6	460/25/25	freeride
