

Wave panther2

Who is the Ezzy Panther2 designed for?

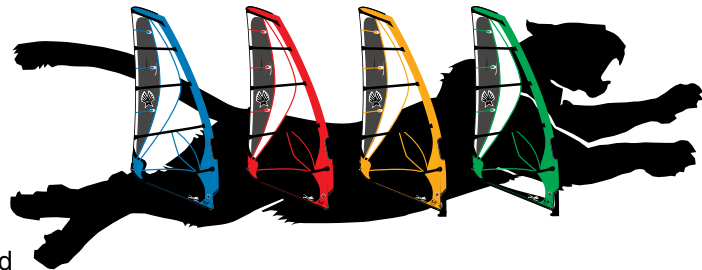

- Both men and women
- Serious and recreational wave sailors
- Flat water, bump'n'jump, and freestyle sailors

What materials are used in the Panther?

- Spectra-fiber X ply: tear resistant for the luff and window areas
- High density Spectra-fiber X ply: puncture resistant for the foot and tack
- Technora-fiber sail cloth: low stretch Technora fiber for the leech
- Tri-Lite scrim sail cloth: lightweight for the upper-central area
- Weft-stop sleeve cloth: tear and abrasion resistant for the sleeve
- Vinyl window: guarantees perfect visibility for the life of the sail

What makes the Panther Purr?

- Huge wind range
- Superb control
- Stable draft
- Light weight
- Fits any mast
- Very strong build
- The finest materials in the world
- Outhaul and downhaul tuning guides allow you quick and exact rigging
- Every Wave Panther is rigged in our factory
- Unmatched customer service
